

Pros

- Strong free cash flow generation over 5 years signals healthy business fundamentals
- Operating profit margin above 25% indicates strong pricing power and cost discipline
- Consistent dividend yield above 2% backed by positive free cash flow
- Return on equity improving for 3 consecutive years shows strengthening business quality

Cons

- Return on capital employed below 10% suggests the business is not generating sufficient returns on invested capital
- Revenue growing at below 5% over 5 years lags inflation and suggests limited business momentum
